East West University

CSE480: Web Database Programming
Lab Manual: Lab 7 (PHP File)

PHP File

1. Assume you have two files.
2. You have to take input from both files using PHP File system.
3. You have to check the similarity of the word content from both files using Jaccard similarity.

Formula >

$$J(A, B) = \frac{|A \cap B|}{|A \cup B|}$$

J = Jaccard distance
A = set 1
B = set 2
